

Dr. Zoltán Pálincás

assistant professor, PhD.

Department of Integrated Plant Protection
Szent István Campus, Gödöllő
Institute of Plant Protection

Availability:

E-mail: palinkas.zoltan@uni-mate.hu

Tel: 36 28 522 000/1774

Szent István Campus, Gödöllő

Main building

Subjects taught:

BSc training:

Introduction to Plant Protection Zoology

Integrated Plant Protection

MSc course:

Integrated Plant Protection

Pests of field crops

Diploma preparation II-III-IV

PhD training

Evaluation of IPM methods in field crops

Research work

Research areas:

Biology, ecology of Western corn rootworm, development of integrated protection

Integrated protection of arable crops (wheat, maize, sunflower, canola)

Analysis of the effect of some biotic stressors (pests, pathogens and weeds) on various parameters of important field plants

Examination of the basic pillars of integrated plant protection, determination of damage thresholds for some pests
